Talks:**

“The Universal Generalization Problem and Informational Screening,” presented at University of South Carolina, Zoom, July 2021.†

“Varieties of necessity in a non-classical setting,” presented at the Bochum Research Colloquium on Logic and Epistemology, Ruhr University Bochum, Bochum, Germany, Zoom, July 2021.†

“Varieties of non-classical necessity,” presented at BA Logic WIP Seminar, Argentinean Society of Philosophical Analysis (SADAF), Buenos Aires, Argentina, Zoom, May 2021.†

“Varieties of non-classical necessity,” presented at Logic Seminar, University of Florence, Florence, Italy, Zoom, May 2021.†

“Varieties of non-classical necessity,” presented at Seminar on Applied Mathematical Logic, Institute of Computer Science, Czech Academy of Sciences, Prague, Czechia, Zoom, May 2021.†

“The Universal Generalization Problem and Informational Screening,” presented at Applied Proof Theory Workshop, University of Melbourne, Zoom, November 2020. <https://vimeo.com/475701235>

“The Universal Generalization Problem and Informational Screening,” presented at National Taiwan University, Taiwan, Zoom, September 2020.†

“The limits of relevance”, presented at Australian Catholic University, Melbourne, Zoom, May 2020.†

“Functionality and Reflexivity: Adventures in Collection Frame Theory”, presented to Melbourne Logic Seminar and Logic Supergroup, Zoom, July 2020. <https://www.youtube.com/watch?v=RdXnF1A3rUg>

“A note on reduced frames”, presented at the Melbourne Logic Day, Melbourne, November 2019.

“The limits of relevance”, presented at Workshop on Substructural Logics, Argentinean Society of Philosophical Analysis (SADAF), Buenos Aires, Argentina, July 2019.†

“The limits of relevance”, presented at the Australasian Association for Philosophy Conference 2019, University of Wollongong, Australia, July 2019.

“The limits of relevance”, presented at Melbourne Logic Seminar, Melbourne, April 2019.

“On the quasi-proof method”, presented at VIII Workshop of the Buenos Aires Logic Group On Philosophical Logic, Argentinean Society of Philosophical Analysis (SADAF), Buenos Aires, Argentina, August 2019.†

“On the quasi-proof method”, presented at Melbourne Logic Seminar, Melbourne, May 2019.

“A substructural approach to explicit modal logic”, presented at the Australasian Association for Philosophy Conference 2019, University of Wollongong, Australia, July 2019.

“Propaganda, ideology, and inferentialism”, presented at New Zealand Association for Philosophy Conference 2019, University of Auckland, New Zealand,

December 2019.

“Propaganda, ideology, and inferentialism”, presented at Massey University, Palmerston North, New Zealand, May 2019.†

“The Universal Generalization Problem and Informational Screening,” presented at University of Sydney, Sydney, Australia, October 2018.†

“The Universal Generalization Problem and Informational Screening,” presented at Monash University, Melbourne, Australia, August 2018.†

“The Universal Generalization Problem and Informational Screening,” presented at the Australasian Association for Philosophy Conference 2018, Wellington, New Zealand, July 2018.

“An Alternative Semantics for Relevant Logic with Identity,” presented at the Melbourne Logic Seminar, Melbourne, August 2018.

“An Alternative Semantics for Relevant Logic with Identity,” presented at the Australasian Association for Logic Conference 2018, Wellington, New Zealand, July 2018.

“Proof Theory: Logical and Philosophical Aspects,” week-long course for NASS-LLI 2018, Carnegie Mellon University, Pennsylvania, June 2018.

“Hyperintensionality, relevance, and justifications,” presented at the Melbourne-Glasgow Formal Philosophy Workshop, Melbourne, June 2018.

“Non-Classical Justification Logic,” presented at the New Zealand Association for Philosophy, Dunedin, New Zealand, December 2017.

“Non-Classical Justification Logic,” presented at the Melbourne-Glasgow Formal Philosophy Workshop, Glasgow, Scotland, November 2017.

“Tree Natural Deduction for E,” presented at the Australasian Association for Logic Conference 2017, Adelaide, Australia, July 2017.

“Use in Logic,” presented at Victoria University of Wellington, Wellington, New Zealand, June 2017.†

“Use in Logic,” presented at 3rd Belgrade Conference on Conditionals, Belgrade, Serbia, May 2017.†

“Use in Logic,” presented at UC Davis Logic Seminar, Davis, California, May 2017.†

“Use in Logic,” presented at University of Melbourne, Melbourne, Australia, April 2017.

“Non-triviality done proof-theoretically,” presented at LORI VI, Sapporo, Japan, September 2018.

“Two approaches to revision-theoretic truth,” presented at the Melbourne Logic Seminar, University of Melbourne, Melbourne, Australia, April 2017.

“Introduction to Semantic Paradoxes”, presented at ANU Logic Summer School 2016, ANU, Canberra, Australia, December 2016.

“Introduction to Proof Theory,” co-taught with Agata Ciabattoni, week-long intensive course for ANU Logic Summer School 2016, ANU, Canberra, Australia, December 2016.

“Further Adventures in Natural Deduction,” presented at the Melbourne Logic Seminar, University of Melbourne, Melbourne, Australia, October 2015.

“Adventures in Natural Deduction,” presented at the Melbourne Logic Seminar, University of Melbourne, Melbourne, Australia, September 2015.

“Proof Theory: Logical and Philosophical Aspects,” co-taught with Greg Restall, week-long course for NASSLLI 2016, Rutgers University, New Jersey, July 2016.

“Brandom’s Logical Expressivism and Logical Inferentialism,” presented at the Australasian Association for Philosophy Conference, Monash, Melbourne, July 2016.

“Brandom’s Logical Expressivism and Logical Inferentialism,” presented at the Inferentialism Workshop, Arché, St Andrews, Scotland, November 2015.

“Non-triviality for sequent systems for naive truth,” Conference of the Australasian Association for Logic, Melbourne, Australia July 2016.

“Non-triviality for sequent systems for naive truth,” Otago Logic Seminar, Dunedin, New Zealand March 2016.†

“Non-Classical Approaches to Circular Definitions,” Frontiers of Non-Classicality Conference, Auckland, New Zealand, January 2016.

“Instability, contraction, and truth,” presented at the Melbourne Logic Seminar, University of Melbourne, Melbourne, Australia, December 2015.

“Revision Theory and Non-Classical Approaches to Circular Definitions,” presented at the Melbourne Logic Seminar, University of Melbourne, Melbourne, Australia, September 2015.

“Towards non-classical circular definitions,” presented at Unilog, Special Session on Paradox, Istanbul Turkey, June 2015.

“Towards non-classical circular definitions,” presented at the Munich Center for Mathematical Philosophy, Ludwig-Maximilians-Universität München, Munich, Germany, March 2015.†

“Derivations and derived rules,” presented at the University of Groningen, Groningen, The Netherlands, March 2015.†

“An extension of the revision theory,” presented to the UConn Logic Group, University of Connecticut, Storrs, CT, October 2013.†

“Truth and Conditionals,” presented at the CAPE Logic Workshop, Kyoto University, Kyoto, Japan, August 2012.†

“What Is Wrong with the Tarskian Theory of Truth?” presented at Logica Colloquium, Hejnice, Czech Republic, June 2010.

“What Is Wrong with the Tarskian Theory of Truth?” presented at Arché Foundations of Logical Consequence seminar, University of St Andrews, Scotland, May 2010.

“Philosophical Aspects of Display Logic,” presented at Unilog, Special Session on Substructural Logics, Estoril, Portugal, April 2010

“Philosophical Aspects of Display Logic,” presented at Logica Colloquium, Hejnice, Czech Republic, June 2009.
